## President's Message

### OCTOBER SURE CAN BE A SCARY TIME OF YEAR ...

As I sit here safely in my office, smoke is pouring out of Annadel-Trione State Park by Lake Ilnanjo, not far from my home; emergency planes, helicopters, and tankers are circling overhead. Even though the fire seems to be far removed from Bennett Valley, I get a sense of the anxiety folks in other parts of the state experience on such a frequent basis. I am so grateful for the brave women and men who courageously battle the flames and the heat to keep us safe.

Besides the challenges presented by our environment, the vagaries of human nature can be scary, too. It is an election year, after all. As crazy as this election cycle has become, the madness on the streets is even more frightening. I am so grateful for my friends and family, and the caring, loving community that is the Santa Rosa Quilt Guild. We can all get through this together.

On a lighter note, another thing that is really scary is my sewing room and the number of unfinished projects "I'll get to one of these days." I am not one of those fortunate few who can start a project and see it through to the finished result. I'm also not very good about clearing out the remnants of current projects from my table top so I can find my cutting board. But, hey, I have a vision for a new project and I want to play with it! Then I also have several projects that are hanging over me that someone else expects me to finish ... you get the impression I'm not too good about deadlines? Speaking of "deadlines," our friend in the picture (courtesy of Huckleberry Patches, McCall, Idaho) agrees with me that "some quilts take forever."

Okay, enough of the scary stuff. Let's celebrate! I hope you were able to attend our Founders Day luncheon. With the room and our friends all decked out in red for our Ruby (40<sup>th</sup>) Anniversary, the event was a huge success thanks to Linda Hooper and her crew. To acknowledge all the hard work our Members volunteer for the guild, we awarded our Merit Awards and Honorary Life Membership. Congratulations to Jan Westerman and Betty Upchurch for receiving their Merit Awards for organizing and providing quilts to the Lake County fire survivors. And to Linda Hooper, a Merit Award for all of her hard work and perseverance in keeping our website up to date and coordinating changes with our service provider. Also, congratulations to our Honorary Life Member, Diana Roberts, for her years of service and dedication to the guild. Not only is Diana an inspiring quilter to all of us, but she has been president, programs coordinator a couple times, and has chaired several other committees. Thank you Diana!

May your October be safe and sane (if you want it to be). No real need to be scared. The fire will be extinguished and the land will heal. The election will be over soon, and hopefully some sanity will come to our streets. And as long as you don't come over to my house, you won't have to be scared of my sewing room ...

## JAN SOULES

October 20 & 21, 2016

Jan Soules has been quilting since 2000. She has never settled on one style, preferring to mix appliqué and pieced blocks using her sense of color and design to create her "treasures." Choosing colors and fabrics are her favorite part of the process and she carefully selects each piece in her so called "scrap" quilts. Her creativity continues to take her in different directions. She has won many awards and had her quilts in AQS shows, PIQF, Road to California and the Hoffman Challenge traveling show.

She completed a course in judging and wearable art sponsored by the West Coast Quilt Judging Academy in 2012. Jan is a member of the Elk Grove and River City Quilt Guilds.

She is scheduled to be artist in residence at Empty Spools Seminar at Asilomar for session one in 2017.

### October 20 Program

#### **"Spectacular Borders, from Basics to Beyond"**

This lecture includes a discussion of various border treatments, with emphasis on what works and why. She will use her prize winning quilts to demonstrate the different border treatments and explain how you can turn an ordinary quilt top into an extraordinary one!

### October 21 Workshop

#### **"Kaleidoscope Quilt"**

In this quilt you will make large colorful blocks from strip sets. You will learn how to make a template. There is no matching of seams required so you can be free to create your own unique work of art. Each quilt will be individual and unique treasure.

The pattern can be adapted to any size quilt. You can stick with a color theme or use a variety of colors and patterns. It is your creation so gather your fabrics and have some fun. This one is a great scrap buster!

## KAREN COMBS

November 17 & 18, 2016

Karen was with us in 2006, and this time she will be bringing back her very popular "Quilts of Illusion" presentation and "Patchwork Illusions" workshop.

A native of Michigan, Karen Combs began quilting in 1973 while still in high school. She has a degree in library science and has worked at many state, city and school libraries before finding her calling as a professional quilting instructor, writer and designer. She currently lives in Tennessee.

Karen is intrigued with quilts of illusion and has been designing quilts with a 3-D look for several years. Karen is the author of *Optical Illusions for Quilters*, *Combing Through Your Scraps*, *Floral Illusions*, *3 Quilters Celebrate the 4 Seasons*, and *3-D Fun with Pandora's Box*, co-authored with Sharlene Jorgenson of Quilting from the Heartland. Her newest book is *Celtic Pieced Illusions*.

### November 17 Program

#### **"Quilts of Illusion"**

Explore the world of optical illusions with Karen as she shows you some of the wonderful quilts that she has created. A beautiful and inspiring trunk show.

### November 18 Workshop

#### **"Patchwork Illusions"**

Visual depth has fascinated artists for centuries, Karen has developed a quick and easy rotary technique that allows you to make quilts with a 3-D look. In the class, you will learn how to create quilts shown in the gallery on her website.

<http://www.karencombs.com>

This is Karen's favorite class because it is so easy to create truly amazing quilts of illusion. Come join the class as this is a great opportunity to practice use of value and color to make a totally awesome quilt!!

## Boutique and Raffle

It was so good to see Chris back among the members at the last meeting. He got a reprieve though, as we opted not to set up a raffle due to the Founders' Day Luncheon. No complaints were heard, either. We did have pretty good sales on Superior threads as the selection has grown and is very good. We also have the titanium needles, so come by and check everything out at the next meeting.

There has been a good response in helping set up and take down the Boutique, and I do so appreciate that. It is a big job for one person and it would also be nice to have someone volunteer to be there every meeting as Mary is not always there to help out. She has been a faithful helper for many years.

I'm looking forward to seeing everyone at our meetings, and be sure to come by to say hello and buy your raffle tickets. Remember—your donations help to pay the rent on this fabulous building we get to use for our meetings.

## Technique Sharing Workshops

Hello Santa Rosa Quilt Guild!

At our meeting on October 6th, a TSW is not scheduled due to the Quiltathon, so please come with your machine, needles, thread, and enthusiasm to help our guild finish various stages of quilts for our community!

October 20th, will be our next TSW. Guild member, Toni Anderson, will discuss and demonstrate how she makes her "quilt journals." She will let us know what supplies she uses and sources. This should be a fun, worthwhile workshop for us to archive our quilts.

TSWs are free to attend! We assemble after lunch near the stage. Sign ups & information will be in the back of the room under TSW sign. We will distribute handouts at the TSW.

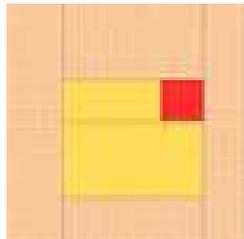

I am looking forward to seeing you at our TSW on October 20th. Please contact me if you have any questions.

## Community Quilts

### Quiltathon!

October 6th is our last Quiltathon of the year. Please join your fellow guild members as we finish quilts for Valley of the Moon, the babies in the NICUs at Memorial and Sutter Hospitals, and other deserving community members. We need people to do all sorts of quilting tasks. Please bring your machine to sew layered quilts or to quilt the VOM or baby quilts. Remember to bring a pillow to sit on, walking foot, free motion foot, and a neutral thread. If you like to do hand sewing, bring your own little sewing kit, complete with thimble, small sharp scissors, and needles you like. We will also have some standing jobs – ironing, pinning the layered quilts (no special tools needed), and trimming and turning the layered and sewn quilts (bring a large pair of sharp scissors). Doors open at 9:00 am, and you can sew from 9:00 to 10:00 when we'll break for a short business meeting. Then back to sewing until about 2:30 pm. We look forward to spending the day with you and to putting all of your generosity and creativity to work.

Thank you to all who so generously participate in making quilts for our community!

 Pam Beebe, Laura Barrett,  
Nancy Stedman & Janet Tonkin

## Lake Tahoe Retreat

### Blessed are the Piecemakers Zephyr Point, Lake Tahoe August, 2016

Early Sunday morning on a beautiful day Phyllis G., Linda T., and I head over the mountains and through the woods stopping only to lunch at 'Fats in Folsom' and procure fabric at a well-loved Placerville fabric shop called 'High Sierra.' We were on a tight clock but lingered at Fats long enough to thoroughly enjoy this twice a year treat, then discovered there was some traffic heading East on 50 – and it was gobbling up valuable shopping time! So we tooted through town instead of getting off at the appropriate exit further up the road. Once there (with only fifteen minutes to spare) we dash in to do a quick circle around the aisles of materials – then notice a line at the cutting table several people deep. We don't have that kind of time! I suggest we try again on the way home when Genelle V. offers to stand at the cutting table in our stead, allowing us to continue our journey. We arrive at Zephyr Point within a few minutes of the goal. (Thank you, Genelle.)

We check in, get keys and supplies, and begin to set-up. While Linda T. and my Lady P. ready Echo Peak (our sewing room), I am "Mistress of the Keys" and dole out the rooms lottery fashion by asking each arriving quilter to reach into a sack and pull out the numbered key which will designate their room. Sitting outside the sewing room I noticed the air was humid and in the sky, puffy dark clouds forming just above us. Then the thunder began. I think there is a prayer for this that goes something like, "Please do not let the electricity go off. Please, please, please!" The wind whipped the waves into white caps.

Echo Peak was ready to receive twenty-two of us in record time. The sewing machines were powered up and the ladies got started. We received gift bags as a treat. This time, the bag itself is one of the treats along with machine needles, straight pins, paper, and Post It notes. (I neglected to bring needles so this gift was excellent for me.) There were many fun projects and amazing materials and much laughter. Before I knew it, dinner was ready.

The lodgings come with food. There are cafeteria style lines, tables, and do it yourself salad and beverage bars at 8am, 12 noon, and 6pm daily. This frees the quilter to remain focused on creating. The food is plentiful and, mostly, not bad. Since I was on

vacation I treated myself to candy-coated coffee, apple turnovers, apple crisp, and a divine coconut macaroon partially dipped in chocolate. (I also had-pancakes, waffles, French toast, biscuits and gravy, sausage, bacon, sausage patties, rib eye steak, meatloaf, Chicken Cordon Bleu, ham, turkey dinner, sandwiches, and hamburgers. Not all at once, of course.) After dinner we waddled to our rooms at our leisure. Between the wind in the trees and the waves crashing hard on the shores it sounded as if we were on any Sonoma County beach. (This is just one of the ways the lake behaves at night...)

The lake is calm in the mornings. A few water enthusiasts dot the lake. Darling rabbits, squirrels, and chipmunks feed on the grasses and trees while blue jays squawk and screech at the invaders on their turf. It sounds oddly like politics to me. Breakfast is waiting and it doesn't wait long. (One hour. Don't be late.) Clouds are building overhead and the air feels moist again. The goal I set for myself is to start with something hard, then do something fun. The hard thing is to complete 40 8-inch crazy quilt blocks of silk ties on foundation. Then I can reward myself with my cat friendship blocks. It turns out, 40 blocks is more ambitious than time will allow. By the time I get 15 or so finished, I update my vision. So that I don't go crazy, I decide the blocks don't all have to be crazy, either. I can take the foundation fabric and put a full 8.5-inch piece of sueded silk in gray and then topstitch the quilting lines - which gives continuity to the crazy quilt effect while offering the eyes rest. The quilt top is improved and I get to my fun project sooner.

Toni offers to help me put the cat blocks on the design wall. After two-dozen trips up and down a footstool, I approve a design and begin to sew the blocks together. The piece bends to my will and I like it more and more. The borders go on and I notice one of them is wavy. Rats! I still have work to do. I ask Phyllis for help and Pam B. her opinion. Judith C. and Raychell share tips, tricks, and techniques. By late afternoon there is lightning and thunder. The "Quilters Prayer for Electricity" is invoked. Fortunately, the seam ripper is my friend and so is the iron. Most of the group goes into town for dinner and to maybe catch a show. Several of us stay on-site and I learn something about the secret life of fabric. My cat quilt is square! I can hardly believe it.

Evidently, measuring is important if one wants a square, flat quilt...

In terms of projects there were too many to mention. Quilters are a dynamic group. We get a lot done. We are workhorses, driven by creativity - and yogurt from the Bear Necessities Gift Shop along with the occasional walk through the forest at the lake's edge. I met my goals. ## The Most Fun Job in the World!

When I first joined the guild I was in awe of the wonderful speakers and the knowledge of the members! Who knew those speakers and how did they decide to come to our guild? These were important and big named people! I could never be Program and Workshop Chair Elect because I didn't know ANYONE in the quilt world! However, this is one of the best and most fun jobs in the guild and its okay if you don't know named quilters!

So why should someone consider this position? This is a position designed for two people. You will get a “pink binder” which is a step by step guide on directing you through the position. By attending Northern California Quilt Council (NCQC) in January and June you will be able to meet and talk with a variety of quilters; traditional, modern, art, etc. You will be able to determine which quilters you would like to hire within your budget. Contracts are sent out and returned, the calendar is filled and the job of Programs and Workshops Elect is just about completed for the year. Yes, you can hire other quilters who are not part of NCQC.

So when does the real fun begin? It begins the next year when the speakers present! Speakers can be housed by anyone in the guild including you! You don't need a big house. All a hostess needs is a private bedroom and of course a bathroom they can use! Some don't mind pets. Going out for dinner is an option, if the hostess doesn't like to cook. The guild will reimburse the cost of the speaker's meals but not the hostess' meals. Sometimes the speaker would like to see the area, visit stores or just go back to the house and relax. There is no rule for speaker entertainment! Anyone hosting a speaker will receive a voucher for a free workshop valid for one year from the date you hosted the speaker! A sweet PERK!

Throughout the year you would be responsible for talking about lectures and workshops, collecting workshop fees, and sending articles to the newsletter about the speaker. Most speakers send a biography, lecture, and workshop information and a sample of their work to you! On lecture and workshop days you will need to help the speaker set up and clean up. Workshop participants so often help before and after class! Just think you get to go to all of the workshops! That is a big PERK!

Throughout the year you will meet some of the nicest people who will often share techniques and ideas with you. In 2017 I will begin my third term as Program Chair Elect! That means I will have been fortunate enough to have been able to become better acquainted with 30 wonderful, talented quilters!

If you want to consider this position or being a hostess and/or have any questions contact me!

## Meeting Etiquette

- ◆ Please avoid chit-chat while someone is speaking to the group.
- ◆ Please peruse the Silent Auction & Boutique before and after the meeting--not during the meeting.
- ◆ Please, do not browse the speaker's table during the meeting.
- ◆ Please set your cell phone to silent mode or turn it off.
- ◆ At Speaker Meetings, please move to the center of the rows and eliminate empty seats, so late-comers will be able to find a seat and not disturb the group.

*Thank You Sew Much!*
