

Welcome Home

Friendship block requested by Laura Barrett

What does your house/home look like? What are your favorite things? What are your favorite colors? What is your favorite quilting technique.

I am asking for a block of “your home”. You can use any technique to make your block (pieced, appliqued, foundation pieced, paper pieced (leave the paper in please). This quilt will be washed, so embellishments need to be secure and washable. All fused fabric needs to be stitched down (raw edge applique is great).

Use any colors that represent your house/home and your taste. Design the house/home that makes you happy.

All blocks are to be 9 ½ inches unfinished.

When I put the blocks together into a finished quilt, I will think of you in your house/home and how wonderful it is to have a block that you made.

Please sign the back of the block, so I can make a nifty label with your name on it.

I would like 20 blocks. The deadline is June 6. Sign up with Lisa Gamble, Chair of the Friendship Block program.
