

## Making the Quilt Blocks

First off name your coordinate fabrics A and B and paste them here.      A                      B

Sew a coordinate A, 2 1/2" x 6 1/2", to the strata piece that you made a head of time with B fabric in the middle.

Now do the same with coordinate B, 2 1/2" x 6 1/2", to the strata piece with A fabric in the middle. Make nine each and press to the coordinate fabric.

Now sew background fabric, 2 1/2" x 4 1/2", to the bottom of block A. Make 9 and press toward the background fabric. Do the same for block B but sew the background fabric to the top of block. Sew block together. This is block 1.

This

Sew a, 2 1/2" x 2 1/2" square to each of the 2 1/2" x 6 1/2" coordinates A and B on one side only. Make 21 of each and press to the background fabric.

Now sew a, 4 1/2" x 8 1/2", to the middle of the strips that you just made. Refer to picture. 9 going in one direction and 12 going in the opposite direction. Press to background fabric. This is block 2.

Sew rows together. First row will have 3 feature fabric blocks and 3 block 2s for a total of 6 blocks.

Next row is 3, block 2s and 3, block 1s. You will have a total of 7 rows.
