

A stylized logo featuring a central spiral with eight pointed rays extending outwards, resembling a star or sun.

## Feathered Star: Supply List

*Paula Golden*  
www.paulagolden.com

Begin to sew a feathered star quilt or the center of a beautiful medallion using Paula's original paper foundation pattern. Continue the fun at home with a dozen variations of this easy pattern as this class gives you the knowledge to tackle the complicated design. Learn how to set in "Y" seams without breaking a sweat. This class is perfect for advanced beginners and beyond ! Paula will demonstrate simple ways to add variations to the pattern for the experienced paper foundationpiecer.

Basic sewing kit

Seam ripper

Fabric: Background - 1/2 yard

Star – 1/4 yard of four different fabrics that coordinate but contrast

Feathers – 1/4 yard

Feathered stars have the most sparkle when there is a high amount of contrast between the feathers and the background. Fabric should be washed and ironed prior to class. The centers of the feathered stars may be pieced for added interest. **Bring extra fabrics to play with.** Border fabrics create interesting patterns, however, if you choose to use one, please make sure you have at least NINE exact repeats of design areas.

Thread: 100% cotton sewing thread to match the star and feathers

Rotary cutter, ruler and mat

Mirrors: one pair, 3" - 5" per side

Template plastic: 6" x 6"

Sewing machine in good working order, extension cord and multiple socket outlet strip

Iron and ironing board

A 16" x 16" paper foundation pattern will be provided.
