

Supply list for Modern Sewing Bee

ONE fat quarter (you can bring a couple to choose from, but you will only use one to cut into strips) SRQG will provide a background fabric, so pick a bright print that will contrast with the background. You will cut into strips during the class. We'll swap strips to make our own unique starburst block using a variety of strips from multiple participants.

Rotary cutter

Cutting mat (optional) - SRQG will provide a couple of large mats which you are also welcome to use

Sewing Machine & regular sewing supplies (pins, extra needles)

Neutral thread

Glue stick to hold your strips in place before you sew

Small scissors to slice the background fabric as you apply the strips.

Your lunch and a sense of adventure!
