

Receiving blanket instructions for the Lombardi Baby Closet

Requirements: one yard each of flannel and cotton prewashed
36"x 36" or length of fabric x 36" for slightly larger blanket.

I like to iron the flannel first face up then place the already ironed cotton material on top of flannel.

Pin and sew leaving an opening at the bottom for turning right side out, press.

Stitch 1/8th inch or so to close hole.

I top stitch twice around the blanket once at 1/4" and once at 1/2".

An X stitched in the center about 3"x 3".

Thank you so much!

Rhonda Denny
