## President's Message

**“The quilt tells a story and the story is our past.”**

I found this quote in a 45 year old edition of *Quilter's Newsletter*. It may still be true, but I suggest that in the 21<sup>st</sup> century, we can say “the quilt tells a story and the story is our *present*.”

Before the age of Olfa Cutters, self-healing cutting mats and sewing machines with hundreds of decorative stitches, the craft of quilting was pretty much limited to the imaginative recycling of old material, cutting around cardboard templates with scissors, and making do with whatever was available – patchwork rooted in preserved fabric that evoked fond memories.

How fortunate we are today to have all the new technology and tools that make quilting more accessible and productive. We have endless resources for new fabrics. Thousands of books, magazines and DVD's (thanks to Sharon Fry, most can be found in our library) are available to expand our vision. There are hundreds of inspired classes that we can take in person (like our incredible workshops) or on-line. Today's sewing machines almost do the sewing for us, and we even have machines that cut our patches for us.

Our quilting journey no longer needs to focus on the past. Today's quilter is limited only by imagination, experience, and pocket book. The myriad of fabric patterns and colors brings out the artist in all of us. We no longer are limited to maintaining memories from the past, but can express what is going on for us right now ... in the *present*.

February brings us Valentine's Day – a special time to express our love to those who are so important to us. We quilters do not limit that expression of love only to people we know. Thanks to Jan Westerman for organizing our Quilt Fest last month that completed 50 quilts and many pillow cases to distribute to the folks who lost everything in the Valley fire. As with all of our Community Quilt projects, the Quilt Fest was a perfect manifestation of love without expectations – providing warmth and a small sense of security to complete strangers.

Happy Valentine's Day!

## February Program and Workshop

**ROB APPELL**

**PROGRAM THURSDAY, FEBRUARY 18, 2016 ~ “QUILTS FROM THE SEA AND BEYOND”**

**WORKSHOP FRIDAY, FEBRUARY 19, 2016 ~ “COLOR STRATA QUILTS”**

Rob Appell blends his love for the ocean with his work as a textile artist and designer. He learned to quilt by trial and error, and definitely brings a masculine touch to this age old tradition. Rob's quilts are 100% machine made and focus on applique work. In addition, he services sewing machines in his studio in Morro Bay, California.

His trunk show will be entertaining and lively as he takes us through his own development as a quilter and shares some of his beautiful quilts

He will be teaching his technique for making **COLOR STRATA QUILTS**. You can see him and an example of his color strata quilt process on his web site. He also has a book that can be purchased.

## 2016 Programs

### Ann Shaw

March 2016

Ann Shaw is a talented quiltmaker and teacher from Camas, Washington, specializing in pieced art quilts based on the methods developed by Ruth McDowell. Ruth has retired and Ann continues to teach her methods and expand on her work. Ann's pictorial quilts are vibrant and playful.

She has taught all over the country and has been featured in several books and magazines. Her art quilts are all pieced (not appliqued) and she honors traditional piecing and quilting techniques in her quilts. She develops a pieceable design working from photographs. Many of her subjects are related to the beauty in fauna and flora of the Northwest.

**March 17 Program** Ann will discuss “**Line, Shape and Design**” and show how these principles are used in designing quilts.

**March 18 Workshop** will be “**Flowers of the Gorge**” in which participants will be able to choose one of 5 designs to make in the class. Using her patterns in the workshop, students will learn the method they can use to develop their own patterns. Samples can be seen on her website and flower patterns can be purchased from Jan Nilsen at guild meetings prior to the workshop, or at the workshop. Supply list is at: [www.annshawquilting.com](http://www.annshawquilting.com) and can be found under “Flowers of the Gorge.”

## Ride Sharing

Ride Sharing: if you can provide a ride for an SRQG member to guild meetings call me or send an email, let me know where you live and I will try to pair you in your own neighborhood with someone who could use a ride. Likewise if you need a ride contact me on the Tuesday before the meeting you want to attend and I will make it sew.

Thank you  
Rhonda Denny

### Kim Fauth

April 2016

Kim Schrader Fauth has been teaching quilt classes for approximately ten years but has been quilting for over thirty years. A former math teacher, she is an expert at explaining material so it makes sense. When she came up with the new ABCD Technique, she shared it with her Monday quilting group. They strongly encouraged her to write a book because the technique was so new and different.

Her teaching background is evident throughout her book. The directions are in white, gray and black with areas of emphasis in blue. Each step is broken down with accurate drawings and hints to make sewing easier. Even though there are only three steps, she has a review page after Step Two so you don't ruin all your gorgeous fabric! (Yes, we have all done those patterns with six steps to discover at step five something isn't right....) You also will see her fun personality throughout the pages and when she is teaching.

Kim is a native of Illinois but has lived in Colorado, Idaho and Arizona.

This is the first quilt ever made using the ABCD Technique.

The book uses three fabrics cut into any size squares. The ABCD Blocks system takes three hours to make all 32 blocks. Yes, you read that correctly. The directions are in white, gray and black to show value. There is NO set pattern

so you can use the ABCD Blocks to make a variety of items such as table runners, bed quilts, purses, tree skirts, clothing, etc.

**April 21 Program** Kim will present a trunk show, “**ABCD Quilting Magic: How to Make the Blocks and Design.**” The blocks look complicated because they have parallelograms and trapezoids in addition to triangles.

**April 22 Workshop** Kim will present “**ABCD Quilting - 32 Blocks in 3 hours.**” Please visit her website to see samples of the possible quilts; especially under the “students” heading.

## Block of the Month

Modern fabrics are bold in color and print with high contrast. Modern blocks are updated classic quilt patterns. The designs are minimalist with large areas of negative space.

Write your name on the seam allowance or pin your name to your block. Block is complete and will measure 9" x 9" unfinished and 8 1/2" x 8 1/2" finished.

All blocks for the 2016 BOM modern sampler will measure 8 1/2" x 8 1/2". Make one for Block of the Month and one for yourself if you would like to have a modern sampler at the end of the year.

## Tri-Guild Luncheon

As many of you are already aware, we will be hosting the Tri-guild Luncheon this year on March 12 from 10:30 to 2:00. The theme is a Mexican Fiesta. Since most of our attendees will be working the luncheon we have very limited space for addition members. Linda Hooper will be passing out invitations to those interested in coming at the next few meetings.

Due to the amount of interest in this special occasion, we will not be taking RSVP's on a first come-first served basis. We will be choosing names by a lottery drawing and you will be notified by March 1<sup>st</sup> if your name is drawn. The rest of the names will go on a wait list in the order chosen. Sorry if this disappoints anyone but this way it will be fair for everyone.

## 2016 Guild Challenge

Welcome to the 2016 Challenge Quilt.....I'm relatively new to the guild and I hope to get to know more of you through this effort. I love the changing seasons and have always been drawn to depictions of the Four Seasons.....and that got me thinking. Seasons!!

My Challenge topic has very few if any rules (many suggestions from those who have been in the guild for a longer time than I). Consider any size of project. Wearable? Cuddleeable? Wall hanging? You be the director.

Consider the seasons...the scents of the season....the changing of seasons....the colors of a season.....

I hope you have fun with this challenge....I expect to challenge myself as well as I'm rarely an out of the box quilter.

We have until the August meeting to disclose our "seasonal" creation.

I look forward to seeing what you can come up with.

Carole Behlke

## U.F.O. Challenge

Are you ready to welcome an opportunity to finish one or more of those pesky UFOs? Yes, it is once again time for me to remind you of the yearly UFO Challenge. On Thursday, March 3, please bring one or more of your Unfinished Projects, along with five dollars for each project, to share at the meeting. The completed projects will not be due until our September 1st meeting so you will have plenty of time to make it happen! If completed by that date, you will receive your five dollars back plus a fat quarter, some delicious chocolate, and the pride of this chairman and the Guild membership. The 2015 UFO Challenge was a satisfying project for the Guild members who participated and hopefully this year will be even more so.

## Remembering Dorothy Lucas

Dorothy Lucas

December 1919 – April 2015

Although she was not a founding member of SRQG, Dorothy joined in the second year of its existence, when there were less than twenty members. She came to the Guild (as most early members did) after being in Joyce Gross' quilting class through Santa Rosa Junior College.

Scores, if not hundreds, of women (at least two of whom are current members of SRQG) owe their sewing expertise to Dorothy's patient and attentive teaching during her years at Herbert Slater Junior High (as it was then called).

Dorothy was a very active member of SRQG, even enlisting the help of her husband "Luke" to do the hanging of quilts in SRQG's first "National Quilt Contest and Festival of Quilts," held at the Sonoma County Fairgrounds in May of 1978.

Dorothy was known for her precise detail work, particularly applique and embroidery, all of which, as well as her quilting, was done by hand. Machine work (except for piecing) just "wasn't done" in those times. Examples of her work can be seen in one of the blocks of Dotty Zagar's "Butterfly" quilt as well as "The Quilt of Roses" from 1980 and Vernice Thorn's "Rose Quilt" of 1983.

Dorothy was active to the very end and has left this world a bit better for her sojourn here.

Wearing your nametag is a huge help to everyone. This is an excellent way for us to get to know each other.

Check out as many of our more than 3,000 books, DVDs, and CDs, plus magazines, as you wish ~ just remember to return them to the very next meeting, pretty please, as there are so many members in the guild who also wish to use the items.

Our library needs many, many volunteers. You do not need to formally sign-up to help – we'll take whatever time you can spare before or after any meeting. If you do not like the job you are given, don't be shy – let us know what you would rather do. ## Technique Sharing Workshops

On February 18<sup>th</sup> Vicki David will demonstrate a TSW (Technique Sharing Workshop) entitled "Treasures from an Old Tin Trunk." Last year, Vicki shared her wall quilt at "Show and Tell" and there was great interest in her project.

This is a small wall hanging quilt designed to hold all of those pins, buttons, and other small sentimental items we all have. The original pattern was called "Treasures from an Old Tin Trunk." It measures 40.5 inches by 30.5 inches, but you can make it as small or as large as you would like. Hers was made from scraps...the only yardage would be for the borders and the centers of the squares, if you would like them to be the same fabric.

The pattern is made up of squares and rectangles constructed like a log cabin block. You can change the number of squares and rectangles you want to sew based on the items you will be pinning onto the quilt. Two squares will equal the size of one triangle.

The instructions and paper-pieced patterns are on the TSW website to print out. She will be sewing these blocks with the paper-pieced method at the TSW workshop. You do not need to bring fabric or your machines. She will just demonstrate the techniques that she uses to assemble the blocks. The instructions, paper-pieced patterns, and your notes will get you on your way to make your own wall hanging at home!

## Community Quilts

### QUILTATHON!

This Thursday, February 4<sup>th</sup>, is our first Quiltathon of the year. Please join your fellow guild members as we finish quilts for children at Valley of the Moon, babies in the NICUs at Memorial and Sutter Hospitals, and other deserving community members.

Laura Barrett and Nancy Stedman will oversee the day and need people to do all sorts of quilting tasks. Please bring your machine to sew layered quilts or to quilt the VOM or baby quilts. Remember to bring a pillow to sit on, walking foot, free motion foot, and a neutral thread. If you like to do hand sewing, bring your own little sewing kit, complete with thimble, small sharp scissors, and needles. We will also have some standing jobs – ironing, pinning the layered quilts (no special tools needed), and trimming and turning the layered and sewn quilts (bring a large pair of sharp scissors).

Doors open at 9:00 am, and you can sew from 9:00 to 10:00 when we'll break for a short business meeting. Then back to sewing and visiting with friends until about 2:30 pm. At noon our wonderful hospitality crew will serve several delicious soups to accompany salads and desserts brought by members. We look forward to spending the day with you and to putting all of your generosity and creativity to work.

Our guild has a long history of giving generously to those in need of warmth and comfort. Our Community Quilts program began in 1984, and as of the end of 2015 we had donated a total of 19,958 quilts to deserving members of our community. You are an awesome group!

## Linda Ballard Workshop

For the fourth time the SRQG we invited **Linda Ballard** to come and talk about her work and teach us a new quilt pattern. In her presentation she showed several traditional quilt blocks and then explored the idea of "What If I...." changed it this way, did different colors or put the blocks and a different order. Many traditional blocks took on new forms and patterns and created stunning quilts.

The workshop spent a wonderful rainy day with Linda and worked on her Aloha Princess quilt block. The room was full with 27 eager quilters humming along in focused concentration. Linda was gracious, full of good tips and had all the supplies we needed.

Interesting, colorful and beautiful fabrics found their way into the squares. In the afternoon we put them on the wall, and they were amazing! Some very beautiful quilts should show up at show and tell soon. What a great way to start our programs and workshops for 2016! Thanks to all who attended.

## Lake County Quilt Fest

Thanks to all who participated in Quilt Fest 2016, benefiting the Lake County Fire Victims. Approximately 50 participants came and went as their schedules permitted. We were able to keep everyone busy and well fed.

My husband and I have a little joke about when you are in charge of a number of people it's like herding cats. A couple of hours into the day, my husband texted me asking how the cat herding was going. I was pleased to reply that I was working with 'pro quilters.' Most of you knew exactly what you were going to do and went about doing it. Some came to help in what ever manner possible. Everything worked out better than I had hoped for since this was the first non-Community Quilt work day we've organized. Everyone was thanking me for a job well done, but I was merely the Captain and the rest of you the hard working crew. You all deserve my praise and applause.

Accomplishments since Quilt Fest:

- 21 finished quilts were turned in with SRQG labels sewn on (We are well above the 30 quilts I had originally committed us to)
- 106 amazing pillowcases
- 2 hand knitted dish cloths
- 13 potholders

I want to reiterate my thanks to Norma Viglienze for volunteering to make her minestrone soup and organize the lunch crew. Bonus food was a nice surprise too. Thanks to Sharon 'The Librarian' Fry for arriving so early for set up and making the Library plus limited Silent Auction items available. I failed to line up a volunteer photographer to take photos of the day, so thank you Jim Jensen for jumping every time I wanted a photo taken. And last, but definitely not least, a huge thank you to Betty Upchurch and those of you who continue to machine quilt our quilts for this project.

As you continue to work on your Fire Victim quilts, please keep in mind that they currently need to be bed size: **Full, Queen or King**. Many of the quilts already received will work well for twin size beds.

**Any quilts that are considered Lap size or smaller will not be delivered to Lake County. They are being donated to our Community Quilts to jump start the year.**

## Opportunity Quilt Tickets

For two weeks beginning Tuesday, February 2, our quilt will be on display at the Montgomery Village **Copperfield's** Book Store & Cafe. There are two Fridays, the 5<sup>th</sup> and 12<sup>th</sup>, when guild members will be there selling raffle tickets. **This means you.** We have two-hour shifts available beginning at 9:30. Two workers share each shift. It's always an opportunity to get better acquainted with other members. On the remaining days the store employees will be selling tickets. Email or phone me to schedule a shift.

Store Manager Christine Lindauer had some creative suggestions for hanging the quilt which is not so easy in a tightly stocked store like theirs. You might stop in and thank her for hosting our fund raising endeavor and take a selfie beneath the quilt. It hangs from the ceiling in the check out area. If you are thinking about a gift for someone else, or yourself, now would be a good time to make a purchase while the quilt is up. Be sure to identify yourself as a guild member.

 Pat Kearns

## Sew-A-Row

Stop by the display of Sew-A-Rows and Medallions at the Feb. 4th meeting and adopt one or more for a few weeks. There are over 20 starter rows with varied colors, designs and techniques. Add your personal touch and show off your sewing imagination by adding a row. Questions are welcome. I'll see you at the Sew-A-Row table in the back of the room.

 Genelle Voorhees

### Quilt Fest continued

Chris Smith from the *Press Democrat* did make an appearance and talked with a couple of people. He was quite impressed and wrote a nice little article.

**FEBRUARY 4** is the deadline to turn in your Lake Co. Fire Victim quilt. If it can't be finished by that time, *please* let me know as this may effect our quilt delivery schedule.

With sincere gratitude -

## Meeting Etiquette

- ◆ Please avoid chit-chat while someone is speaking to the group.
- ◆ Please peruse the Silent Auction & Boutique before and after the meeting--not during the meeting.
- ◆ Please, do not browse the speaker's table during the meeting.
- ◆ Please set your cell phone to silent mode or turn it off.
- ◆ At Speaker Meetings, please move to the center of the rows and eliminate empty seats, so late-comers will be able to find a seat and not disturb the group.

*Thank You Sew Much!*
