## President's Message

May you have ...

H – Half square triangles ... more than you will ever need ...

A – Applique adventures to your heart's content ...

PP – Paper Piecing challenges that keep your mind keen (love thinking backwards) ...

Y – Y-seams that go together better than mine do ...

N – Needles that stay forever sharp ...

E – Even and perfectly sewn stitches (most of the time anyway) ...

W – Wonderful new patterns that accelerate your creative juices ...

Y – Yards and yards of new fabric ...

E – Eagerness to finish all those UFO's even though you want to start something new ...

A – Accolades from your co-quilters when you share the finished project at Show and Tell ...

R – Reminders of why we do what we do with such passion ...

For example, this “thank you” recently received through the website ...

*“My husband and I had boy/girl twins on October 22 at Memorial Hospital. They were born a month early and were in the NICU for a little over a week as a precaution. While they stayed, they each received a quilt made by the Guild. I wanted to thank you for the quilts and to commend you all for the work that you do. The babies love the quilts. So from William James and June Marie Bond, a huge thank you! Again, from my husband, James and I, Thank you very much.  
-Suzanne Bond”*

And on a personal note, let it be known that I am making just three New Year's resolutions ...

to be ever thankful that you have put your trust in me to be president for another year,  
to keep a positive and loving attitude in what may be challenging times ahead, and  
to tackle my stash so that I can find my cutting board.

I am so very grateful for the Santa Rosa Quilt Guild and all its members, and am looking forward to all we will do together in 2017.

# 2017 Programs

LISA MCKISSICK

January 19 & 20, 2017

## January 19 Program

### **“Tool Time Girl”**

Have you ever stared at the notions wall and wondered what all those tools do and which is the right one to buy? Then Lisa is your Tool Time Girl! This entertaining and informative lecture features over 30 of Lisa's favorite tools and corresponding quilts. Of course, there will be rulers, and cutters and marking devices—but be ready for a number of exceptional little gems along the way!

Lisa, a pattern author, retail buyer and quilter with over 20 years of quilting experience, will captivate you with this clever, instructive presentation. She has interesting stories and tips and tricks to interject throughout the presentation and it is always fun and entertaining.

Lisa will also bring a number of “tools” to sell.

Lisa and her daughter, Christina, recently started the Cosmopolitan Quilt Company. The mother and daughter duo are delighted to be designing contemporary quilt patterns for discriminating quilters! They live in Sonoma County and come from a family of many quilters.

## January 20 Workshop

### **“Northern Lights”**

The Workshop will be Northern Lights, a paper pieced quilt designed by Jinny Beyer. Try this dramatic paper pieced quilt with a unique secondary pattern! This paper piecing class breaks all the rules! Less work, more fun!

Janice Rodgers

TRACEY BROOKSHIER

February 16 & 17, 2017

## February 16 Program

### **“Love Affair with Japan”**

Tracey's slides of the Tokyo International Great Quilt Show will amaze you. You'll see gorgeous quilts, and learn about Japanese quilting culture, which is very different than ours. A trunk show of Tracey's quilts designed with Japanese and Asian-inspired fabrics follows.

## February 17 Workshop

### **“Sankaku”**

Designed to show off beautiful panels or large-scale prints as in Japanese yukata fabric, Sankaku is strikingly graphic using high-contrast values. Concentric triangle borders have a math secret - the blocks in each border are exactly 1" larger

than the blocks in the previous border. This relationship continues for each additional border, no matter how large you make the quilt.

## Community Quilts

Many of our quilts have found their way out into the community. Well over a thousand were donated in 2016. We will publish the totals in January in case more are delivered before the end of December. We made 283 doll quilts in the last two months of the year!

Now it's time to be working on more quilts. In April we need 100 for the Valley of the Moon. Right now we have 50 completed. The NICU's continually need quilts, especially ones for boys or gender neutral. We so appreciate all the hard work that goes into these projects. If you are completing a community quilt at home and need flannel backing or batting please talk to one of the committee members.

**February 2 is our first Quiltathon!** Mark your calendars and plan to attend for a day of sewing and fellowship with other quilters.

Thank you to all who so generously participate in making quilts for our community!

Pam Beebe, Laura Barrett,  
Nancy Stedman & Janet Tonkin

## Ride Sharing

Dear SRQG Membership, as time passes we sometimes realize that it is probably not a good idea to drive any more. For me, it happened almost ten years ago. I realized that I had not driven in some time - years actually - because I could no longer depress the brake pedal to stop the car. I traded my driver's license for a California Identification Card, which looks exactly like my Drivers License - up to and including the individual identifying numbers. At first, I worried. It felt weird. But over time, it became a relief. It was dangerous for me to drive. Santa Rosa is much safer with me out from behind the wheel.

I have asked the board if we could test the waters to see if anyone would like to volunteer transportation for those who no longer drive. I want the initial contacts to go through me, hopefully pairing people in nearby neighborhoods, once connected I leave you to yourselves to make arrangements. If you can provide a ride, call or write me with your specifics and I will set up a ride share. Likewise, let me know if you would benefit from a ride. No one should ever miss a meeting because of transportation.

## Sew-A-Rows

It is a new year and I hope you are all ready to fire up your sewing machines to work on participating in this year's SEW A ROW! Sharon Oman and I will be collecting the starts in January, and this will be your opportunity to set the tone for a quilt you will have a chance to win at the end of 2017.

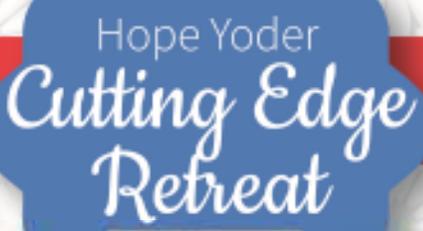

Your quilt starts can consist of a row or a medallion. Let your imagination run wild, and give yourself the opportunity to think outside the box. Remember to include some of the scrap fabric for the next person to use so that the color palette can be carried throughout the quilt.

There have been several starts turned in already (thank you thank you), so it is not too early to adopt one! Stop by the Sew a Row table to see what's up for adoption or to draw inspiration. And please feel free to ask any questions you have when you see me. Thank you for your participation in this fun program.

## Welcome Committee

Your Welcome Committee has just completed their first year of meeting and greeting guests. The goal is to make guests feel a part of the madness from the time they enter the front doors. We can be an overwhelming group with so many members and so many things to get involved with such as Block of the Month, Community Quilts, Programs and Workshops, Technique Sharing Workshops, our World Class Library, and an amazing Boutique, just to mention a few.

I have several handmaidens who greet and introduce guests to people and committees. Also, refreshments from the hospitality crew warm the hands and heart.

This years handmaidens are: Jan Westerman, Joanne Meaney, Loni McDonald, and - new this year - we welcome Vicki David with Janet Tonkin in reserve as needs be, as always. I am still looking for more handmaidens especially on Speaker meetings the third Thursday of most months. Please let me know if you're interested.

## Boutique and Raffle

The boutique and raffle have become an important part of the guild's fund raising efforts. In 2016 we set up only part of the meetings but still managed to reach the goal set for income for the year. The money goes into the general fund. But I like to think it helps to pay the rent on the beautiful facility we are all privileged to use for our meetings. Many of the members admit that participating in the raffle is a donation and is one that they are happy to make as the annual dues are small for a year's membership. All help is welcome in setting up, taking down, selling tickets and or boutique items. Any items you think would sell in the boutique are welcome and appreciated. It always helps to have new inventory. If you know of items or ideas that members might be interested in, please present them to me. A sample is always greatly appreciated.

Thank you to everyone who participated in every capacity. Looking forward to seeing everyone throughout 2017. Be sure to come by, look over our inventory, and say hello so that we can visit and get to know each other better.

Betty Upchurch

## Technique Sharing Workshops

Technique Sharing Workshops are held about once a month after a meeting and are designed so that guild members can share and learn from each other. As we enter 2017 we will have more opportunities to learn more and advance our quilting and sewing skills. **As your TSW chair this year I would like to hear from you.** What skills would you like to improve? Have you noticed something someone did that was really awesome? Maybe an unexpected trick that brought amazing results? For some of our new members, some basic skills as there are so many that go in to making beautiful quilts and projects. If you have a request or have learned something that you would like to share please let me know. We have amazingly gifted quilters and sewers in our guild. As with any expert, sometimes we forget all the little things that helped us along the way to become so skilled. This program is only successful if we all participate and help each other along the way.

I am putting together the calendar for 2017 and would really like your input.

I have had fun over the holidays making coasters as small gifts for family and hostess events. I am happy to share what I did in a January meeting. These are simple and can be personalized with all the great fabrics we have to match interests of the person they are meant for. Here are a couple of samples.

Please check out the sign up list at the back of the meeting room and sign up if you are interested so presenters know how many handouts, etc to bring. I know 2017 will be another year of absolutely amazingly beautiful projects. Let's all help each other make it so.

## Beth's Quilting Club

### Beth's Quilting Club (BQC) at Roseland Univ. Prep High School (RUP)

Beth's Quilting Club was created in September 2016 and is going strong. It was formed at the request of Dr. James Foley to honor his wife Beth Foley, a former member of SRQG and The Pointless Sisters.

BQC meets every Thursday for two hours. Club members learn the basics of sewing and quilting. So far, they have made a table runner, pillowcase, tote bag, and a composition book cover for their journal, which they use to record their sewing accomplishments (journaling taught by Toni Anderson). They are currently making spider web quilt blocks. Dr. Foley is enjoying watching the Club grow along with their creativity!

Several SRQG members are volunteering their time to make this club a success. Classroom volunteers: Diana Watson, Lorna Fiori, Angie Frey, Vicki David, Jeanne Parent, Jan Nilsen, Elizabeth Marrs, Lori Platt, Rhonda Denny, Toni Anderson, Genelle Voorhees and Dr. James Foley. Jessica Mullins-Thomas is the RUP Advisor.

## Program Elect 2017

I am sew very excited about Programs & Workshops I can hardly stand myself! I feel giddy and glad. My Shieldmaiden, Phyllis Gallaway, and I are hitting the road running. First stop, January Northern California Quilt Council is hosting an All Star review. There will be nine teachers (see list, below) doing fifteen-minute demonstrations and we will have opportunities to interview them for the position as SRQG lecturer and teacher for the year 2018. Then, on a Saturday in April, NCQC will host their twice-yearly Meet the Teachers. There are 30 teachers, each given three minutes to make their introduction and peek our curiosity.

## Coming in March!

Robin Kingsley from Bird Brain Designs in Kelseyville will talk about how she got started with embroidery in the early 1960s. From there she will share how embroidery has changed throughout the decades and what enjoyment and relaxation stitching can bring! In addition, you will have the opportunity to realize how you can incorporate embroidery into your quilts to embellish, finish seams, add character and more to make them even more special!

## Meeting Etiquette

- ◆ Please avoid chit-chat while someone is speaking to the group.
- ◆ Please peruse the Silent Auction & Boutique before and after the meeting--not during the meeting.
- ◆ Please, do not browse the speaker's table during the meeting.
- ◆ Please set your cell phone to silent mode or turn it off.
- ◆ At Speaker Meetings, please move to the center of the rows and eliminate empty seats, so late-comers will be able to find a seat and not disturb the group.

*Thank You Sew Much!*
