

# Santa Rosa Quilt Guild June Block of the Month

## Due July 18, 2013

### "Bear Paw Squared"

With summer approaching, we continue our journey through "Never Enough Nine Patch" with an original design created just for the SRQG *Block of the Month*.

"Bear Paw Squared" is a bit more challenging than the previous blocks we've made. As one of our members observed, it's got lots of "pointy things" ... but don't panic. This block will give you the chance to create the "Bear Paw", one of the classic pieced patterns, and who knows, you might be inspired to explore more of its variations.

Blocks will be due at our only July meeting, Thursday the 18<sup>th</sup>, and given away the first meeting in August.

Finished block is 12-1/2" square, unfinished; 12" square finished. Sew scant 1/4" seams.
